- Financial data reconciliation, modelling and troubleshooting;
- Collaborate with operational and finance users to meet business requirements;
- Review systems performance, identify and resolve system issues;
- Proven track record of analysing complex datasets to identify trends and produce high quality actionable insights; and
- Analytical support as required by the business, including evaluating accounts and suggesting performance improvements where applicable.

About You:

- You enjoy working autonomously;
- You learn by doing but are not afraid to ask questions;
- You know the manufacturing landscape well;
- You are technically savvy with exposure to Finance/ERP Systems;
- You can really work those spreadsheets (knowledge of Excel and Power BI is highly desirable) and the entire MS office package;
- You are a clear and confident communicator that can build strong relationships quickly in order to positively influence outcomes; and
- You have the right to work in Australia.

What We Offer:

- A salary commensurate with experience;
- Safe and supportive work environment;
- Employee assistance program;
- Opportunity for career progression within our global organisation; and
- On site canteen, staff discount and parking.
