

Farm Machinery Operator

The Midfield Group currently has a Farm Machinery Operators position available at its Farming operations approximately 25 kilometres from Warrnambool.

The successful applicant should have experience in tractor operations preferably mixer wagon and loader

It would be an advantage if you have experience in spreading fertilizer, a farming background would also be advantageous and/or some mechanical knowledge.

The successful applicants will be expected to be able to work autonomously and within a team environment safely.

The Midfield Group is an equal opportunity employer
