

Qualified Plumber

The Midfield Group has an opening for a Qualified Plumber at its Warrnambool based abattoir site.

The positions involves regular servicing, maintenance, modification and repairs to allow daily production targets to be met and to minimise downtime. New equipment installation and servicing will also be required. It is expected that all work will conform to legislative, regulatory, safety & quality requirements. Work may be involved across multiple sites generally in and around the Warrnambool area.

Candidates Requirements:

- Trade qualified
- Strong troubleshooting and diagnostics capabilities
- Possess a high attention to detail and be safety and quality focused
- Be able to work within a team setting and autonomously in a fast-paced environment
- Be prepared to work overtime
- Have a current Drivers Licence

The successful applicants will preferably:

- Have Industrial experience
- Possess a Forklift Licence and be EWP, Confined Space and First Aid trained

Remuneration will be discussed directly with applicants at the time of the interview.

Please forward applications and resumes to:
